

SERVICE SCHEDULE

MANAGED FIREWALL SERVICES

This is a Service Schedule as defined in the Conditions. Where the Services set out in this Service Schedule form part of the Services to be supplied under a Contract (as defined in the Conditions), this Service Schedule forms part of the Contract.

In this Service Schedule, references to Clauses are to Clauses of the Conditions, and references to paragraphs are to the paragraphs of (i) this Service Schedule or (ii) whichever other document is specifically referred to.

1 Managed Firewall Services – Service Scope and Description

- 1.1 NEW STILE EVOLUTION LTD Managed Firewall Services provides the Customer with a managed physical or virtual firewall device that is dedicated to the Customer.
- 1.2 The scope of the Services being provided by the Supplier is detailed in the Service Description – Managed Firewall Document which also contains recommended specific considerations under the section “Service Dependencies and/or Related Services”. The Customer confirms that it has considered and accepts full responsibility for all scenarios relating to any failure conditions and functionality of each related or dependent service where those services are not provided by the Supplier.
- 1.3 NEW STILE EVOLUTION LTD Managed Firewall Services are provided to the Customer for so long as the Contract remains in force in accordance with the terms of the Contract and the Supplier's AUP, security and access policies and procedures
- 1.4 NEW STILE EVOLUTION LTD Managed Firewall Services are subject to payment by the Customer of the Supplier's Charges for installation and support services, as set out in the Order Form, clause 5 of the Conditions or as subsequently agreed between the parties from time to time. The specific inclusions and exclusions for the Service are detailed in the Service Description – Managed Firewall Document and any items not specifically mentioned in this document, shall incur an additional charge to the Customer.
- 1.5 Where diagnostic services are required to identify any issue or potential issue, the Supplier will only provide end to end diagnostics if the connectivity, hardware and software is entirely managed by the Supplier. If any elements are shown not to be managed by the Supplier, then any end to end diagnostic services will be stopped.

2 Customer Responsibilities

- 2.1 In the event that the Customer requests an on- premise Service, the Customer will be responsible for providing adequate:
 - 2.1.1 redundant power provision for the powering of the Customer Equipment at peak consumption time;
 - 2.1.2 air-conditioning for cooling equipment at sustained peak load including appropriate humidity management;
 - 2.1.3 physical security;
 - 2.1.4 permanent out of band management connectivity to the Customer Equipment from the Supplier's remote management system.

In the event that the Supplier considers, in its reasonable opinion, that the Customer fails to meet any of its responsibilities in this clause 2.1, then the Service Levels within clause 3 shall not apply.

- 2.2 Any faults or problems detected by the Customer must be reported immediately by the Customer (and in any event within 24 hours of detection by the Customer) to the Supplier's Customer Support Team using the customer portal ticket system or for critical issues using the telephone number provided to the Customer. The fault or problem will then be logged by the Customer Support Team and the Customer will receive a ticket reference which can be used to easily track work on the ticket.
